

AWAKEN<sup>®</sup> (16-0-2) is a superior soil applied micronutrient package with Acetate<sup>®</sup> Technology designed to enhance root growth, promote plant health and vigor, and increase yield. Built to be as safe as it is effective, Awaken with Acetate Technology delivers more nutrition to the plant so you can trust the nutrition your crop needs is being delivered.

## FEATURES

- Complex of zinc ammonium acetate with potash and a balanced micronutrient package
- Seed safe, low odor, pH-neutral formulation.
- Excellent mixing with water-based spray solutions or liquid fertilizers

## ANALYSIS

16-0-2 2% Zinc, 0.15% Copper, 0.15% Manganese, 0.15% Iron, 0.02% Boron, 0.0006 Molybdenum

## GROWER BENEFITS

- Larger, more robust root system to capture more essential nutrients and water
- Better use of applied nutrition help growers capture more native soil nutrition that might not be available otherwise
- Better overall plant health and vitality

## RATES

2-4 qts/A at planting or side dress 1-2 qts/A for all other applications

		
<p>Enhances nutrient efficiency through increased root interception</p>	<p>Allows for nutrition to be placed in optimal location for early season uptake</p>	<p>Balanced micronutrients mix to drive growth and development</p>
<p>Promotes nutrient solubilization</p>	<p>Decreases chance of seedling injury</p>	<p>Includes micronutrients that are key to activating other major nutrients</p>
