

NUTRISYNC[®] COMPLETE 3D (10-4-6 with Zn, Mn, Cu, Fe, B, Co & Mo) is a fully formulated foliar nutrition tool powered by NutriSync proprietary nutrient transport technology and contains key plant major and micronutrients. NutriSync Technology helps growers Load, Haul and Deliver nutrients critical for growth and development to areas that are most needed - providing better utilization of nutrients to fulfill plant demands.

FEATURES

- Built with NutriSync Nutrient Transport Technology
- Contains highly available zinc, manganese, copper, iron, cobalt, molybdenum and boron for balanced foliar nutrition
- Wide window of application timing and performance
- Compatible with most tank mix partners including many D-Trait chemistries

RATES

1-6 pt/A for most crops and applications

ANALYSIS

10-4-6 with 0.05% Zinc, 0.05% Manganese, 0.05% Cu, 0.1% Iron, 0.02% Boron, 0.0005% Cobalt & 0.0005% Molybdenum

GROWER BENEFITS

- Additional Chelation and Complexing agents enhances nutrient uptake and mobilization
- Ammonia free formulation is sound for use on a variety of crops
- Greater overall nutrient utilization through balanced nutrition
- Promotes healthier plants, more consistent quality and higher yield potential
